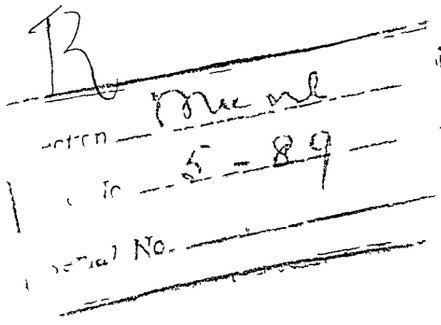
No 274-6 / 213 of 27-6-90



Order

In forwarding the accompanying copy of Notfn for information and guidance, the Deputy Commissioner, Mysore District & President of the Mysore Municipality is informed that Mr. Standish Lee has been appointed Vice President in order that Municipal Roads and buildings, Sanitation, Drainage, water works and Miscellaneous improvements in the City of Mysore may be under proper professional supervision & Mr. Lee should be placed in immediate charge of the above mentioned Items of work but such of them

as are paid out of Provincial Revenues should continue to be under the supervision and control of the D.P.W

2. In addition to the immediate charge of works as above, Lt Col Lee, as Vice President, will have the general control of all municipal affairs under the Municipal Regulation, subject to such arrangements as may be made by the Presdt and Vice President as to distribution of such work between themselves and Subordinate Executive Officers of the Municipality.

One

(11)

One of these Officers, the Amildar must, the Government thinks, be in immediate charge of taxation and collection, the Municipal President and Vice President having the power to hear appeals from the Amildar's orders and to revise them upon their own motion

3. Mr. Standish Lee's present emoluments, as Sanitary Engineer are Rs 600 Pay + Rs 60 fixed carriage allowances, total Rs 660. It is proposed to assign to him an allowance of Rs 100/- in addition. The salaries of the higher Municipal Officers therefore amount — as follows:-

President	250	allowance
Mr Standish Lee Vice President	760	salary & allowances
The Amildar	175	
Total	1185	

The

4. The question now arises what proportion of this amount the Municipality can bear. Elsewhere the charges on account of Officers (exclusive of office Clerks &c) amount to 8 or 10 of income (see the Madras and Bangalore Municipal Returns). Accepting 9% as a fair limit of charge against the Mysore Municipality, about Rs 9,000 (or Rs 833 per month) will be available for the purpose in Mysore. Deducting from this amount the present cost of Subordinate Establishment, Rs 226,

there

there is available only Rs 607 a month, and as more than 9% should be expended by the Municipality on Establishment, and as Rs 607 is only about one-half of the cost of the superior establishment, the Government propose to help the Municipality with a grant-in-aid of Rs 600/ a month for the purpose, and the balance to be charged to Municipal Revenues will be only Rs 585/- per month. It is hoped that the Board will at once see that the arrangement is one that will ensure the better sanitation of the City

Mr A. Lee writes the Sanitary Engineer of Mysore ~~Province~~ & also the Vice President of the Mysore Municipality. — He requests, in modification of the last para of Govt order dated 3d July 1890 No 2774-16 / 233-1 he directs that 600 Rs of the pay allowed to Mr Lee be debited to Public works as usual, & 160 Rs only to the Mysore Municipality: under this arrangement no ~~allowance~~ grant-in-aid will be made to the municipality ~~and a country for his pay~~

Mr Lee

Under the orders above cited, the whole 760 Rs has to be debited to the Municipality & a grant-in-aid of Rs 600 made to it. — There is nothing in principle. The Public will know nothing about the grant, which will rest upon 760 Rs as a great deal too much for the office of Vice Pt — & there will be unnecessary commotion in the papers. —
